## INTRUSIVE WINS THE FLUSHING SELLING STAKES.

Cervera, With 126 Pounds, Defeate Margraviate in the Handteap -Four Favorites Win and Reward the Form Players Jockey Odom Rides Three of Them.

Four favorites, three of them ridden by George Odom, were victorious at Aqueduct yesterday. It was "getaway day," but contrary to expectations the horses ran pretty close to form. The track was in good condition again and the beautiful weather drew out a crowd of 6,000 or more, who had

an enjoyable afternoon. The Flushing Selling Stakes for threeyear-olds and over at a mile and seventy yards provided the most exciting race of the J. D. Crimmins Jr.'s Intrusive, with top weight, 119 pounds, was a hot favorite, with Fatalist second choice at fives. The start sent the field of seven away in splendid order and little Thompson promptly rushed J. Grant Lyman's Fonsoluca, 100 to 1, to the sailed around the lower turn and up the backstretch a length in front of The Puritan, who Loysterer at his flanks. Odom trailed along coolly with Intrusive until the far turn was reached, when he took the son of Meddler up on the outside. Fonsoluca still had a threatening lead when straightened out and Thompson went to work with whip and spur to keep him there. It looked as if the long shot would carry off the bulk of the purse fifty yards from the wire, but Odom rode Intrusive to a magnificent finish, the latter winning on the post by a neck in 1:46 3-5. Fonsoluca continued on to the place, a length before Barbara Frietchie, who was a head before Roysterer. Intrusive's victory was the signal for a boisterous demonstration from his backers, who cheered Odom to

Just previous to this race Odom had ridden a sterling finish on G. B. Walters's Cervera, who has been a consistent bread winner so far this year. The Oddfellow gelding was installed favorite at 7 to 5 to take the handicap for three-year-olds and over at five and a half furlongs. From the moment

was installed favorite at 7 to 5 to take the handicap for three-year-olds and over at five and a half furlongs. From the moment the barrier was released Cervera, in spite of his impost, showed in front, setting a heart-breaking pace. Margraviate, with 124 pounds, however, was just as fleet of foot and the two raced away by themselves, Petra II, leading the others. At the turn Cervera had two lengths over Margraviate, but Landry cut the latter horse at the head of the stretch, so that for a moment it looked as if Cervera would be beaten. But under the whip the game son of Oddfellow did not falter and, though Margraviate extended him to the limit of his vitality, he won in a fierce drive by half a length in 107 3.5 Six lengths behind Margraviate was Petra II Odon's third success was with A M. Worth's cold Melstersinger in the fifth race, for beaten three-year-oids, distance seven furlongs. The Wagner cold was a 3 to 5 favorite, a heavy commission making Fried Krupp second in favor at fours. Fried Krupp, with Brennan hustling him along at top speed, led to the turn, where the pace began to tell and he slowed down. Then, Meistersinger, Shandonfield and Locket got to him and all were driving down the stretch with the crowd in doubt as to the winner. Odom never relaxed his efforts, however, and Meistersinger got to the wire first, half a length in front of Shandonfield, who beat Locket by two lengths. Fried Krupp was half a length away.

There was considerable adverse comment as to the performance of Lone Fisherman in the first race, for selling platers at seven furlongs. The colt, who is the property of Winnie O'Connor's family, was mude favorite at 6 to 5, though he went up a point before post time. Newton Bennington's Jack De Mund was backed down to 13 to 5. "Pittsburg Phil" among o'hers having a big bet down The start was perfect, Lone Fisherman getting away in front. But within the first quarter of a migh ed dropped back, it being impossible for him appearently to get up a good gallop. Odom, seemingly cognizant and Warte Nicht were heavily laden with gold. The start was straggling, Blue Delft getting away poorly. Warte Nicht, Nisxus and Joe Cobb were in front, heads apart as named, for half the distance, when the favorite joined them. It was a puzzle to pick the winner all the way home until Wonderly landed Warte Nicht first in a heavy drive by a length, Joe Cobb, Niaxus, and Blue Delft finishing heads and necks apart in this order. The day's sport wound up with a bad start which practically left George W. Dasch, who closed equal favorite with Tugai Bey, at the post. The race was for maiden two-year-olds at five furlongs Burns kept Tugai Bey in front from barrier to wire and the Farandole colt won driving by three parts of a length from Collany, 7 to 1, who headed Nodo, 10 to 1, out of the place. George W. Dasch was last. The time was 1.04. The summaries:

Winning Owners at Aqueduct. The meeting of the Queens County Jockey Club at Aqueduct, which ended yesterday, shows H. T. Griffin to be the leading owner. His horses, mostly two-year-olds, won \$5,025. Griffin was also the leading owner at the end of the spring meeting last year. The Gough-acres Stable is second on the list with \$3,880, nearly all earned by two-year-olds, while C. F. Dwyer, thanks to his colt Ethics, who won the Carter Handicap and several other races, is third with \$3,445. The principal winning owners follow:

Another Rumor About Nasturtium.

It was rumored at Aqueduct yesterday that William C. Whitney's \$50,000 colt, Nasturthat William C. Whitney's \$50,000 colt, Nasturtium, now in England preparing to run in the Derby, has turned "roarer." THE SUN was assured last night that Mr. Whitney had received no such news from the other side. Many rumors have been circulated about Nasturtium since he arrived in England, but all of them have been run down to nothing. The colt suffered for a time with catarrhal fever and the attack was believed to be serious, but he recovered and at last accounts was working well. Until authentic information from England can be obtained, American turfmen will not cease to believe that Mr. Whitney's colt is sound and well.

The Road Drivers' Association intends having a glorious house warming at the new clubhouse to-morrow afternoon, when a beefsteak dinner is to be the star feature. Over two hundred horses are entered for the dash races on the Speedway Parade Day, Saturday, May 10, and the interested nonowners will have a grand programme to enjoy if the day but favors the sport. The grand annual parade may not eclipse the opening event of 1900, yet it bids fair to be very en-joyable event of 1990, yet it bids fair to be very enjoyable.

Judge H. M. Whitehead's handsome son of George Wilkes. The King 2:29% is making the season in Indiana. He is one of the most elegant of sires and should head some leading stock farm. Limestone, 2:19%, was his fastest trotter, yet he has sired many fast ones retired to the road because of their appearance, style and great speed capacity. Lexington Wilkes, another that had few opportunities, sired Mr. Smathers's fast mare Queen Wilkes, that has swept the Speedway thus far this season, defeating the fastest sent against her. Had Lexington Wilkes or The King stood in Kentucky or California their 2:30 list might have been extended.

Some earliement was caused in the betting ring at Aqueduct yesterday by a short but rough and tumble affair between a little man and a fet man. The little man was shifty and pugnathous and was in the act of pulting it all over his weighty opponent when the pulier talerfored. Then the big man wanted to annihilate his autogonist, but was tigotly hold.

The New Yorks yesterday won their fifth traight game. They whitewashed the Philastraight game. Harvard... phias. It was a day of shutouts. The and were beaten by the Bostons, and the Chicagos and Cincinnatis played a tie game of twelve innings, neither side scoring. strong Pittsburgs piled up runs freely against the St. Louis team, whose grip on last place is as firm as Pittsburg's hold on first place. In the American League the Philadelphias are doing pretty well, not withstanding their being deprived by the law of Lajoie, Fraser and Bernhard. They beat the Washingtons again for second place. The Chicagos were beaten by St. Louis. The Detroits beat Cleveland and lead the American League. Boston won from Baltimore. The National League results and record follow: New York, 3 Philadelphia 0.

Mathewson yesterday repeated his opening-game performance of shutting the Philadelphias out at the Polo Grounds. Two hits, so lar apart and so unfruitful that they were as useless as wet powder in a battle, was the best the Quaker batters could do Early in the game there was a tendency to wildness by Mathewson, but instead of it growing this fault was held in restraint, and, the young pitcher's twisters being assorted with puzzling effect and having lots of steam in them, the Philadelphias could not bring about a square contact between wood and leather. The ball either carrommed off the bat for popilies, bounded straight at fielders, or else was not there at all when the visitors swung their bats. Proof of how weak was the Philadelphias's hitting was the fact that the New York outfield did not catch a fly.

The New Yorks, as they have been doing lately, made hits at the right time, though Yoorhees was not hit hard. Two of New York's runs were batted out and the third was due to Doyle's fast base running, not a hit figuring int. The New Yorks also threw away one run by an overabundance of recklessness in base running. There was little in the game to become excited over. It was the tanest and most uneventful as to incidents played here thus far.

Mathewson made a home run, the first of the year at the Polo Grounds, in the fourth inning. He hit to right field and W. Thomas being unable to head off the ball it rolled under the right field ropes. The score:

BOSTON, May 1.—Willis had the Brooklyn players at his mercy to-day and, coupled with brilliant fielding by Lush and Long as well as by himself, shut them out. Yale-Princeton Baseball Game on Memorial Day Causes Protest.

NEW HAVEN, May 1.—Manager Satterlee of the Yale 'Varsity baseball team has replied to a Sunday school superintendent who asked if the Yale-Princeton game scheduled here for Memorial Day, could not scheduled here for Memorial Day, could not be postponed that it was too late to make a change in the schedule. He said that if the protest had been made three months ago another date might have been arranged. It is likely, owing to the sentiment of G. A.
